

The most Unique floating venue in South Florida

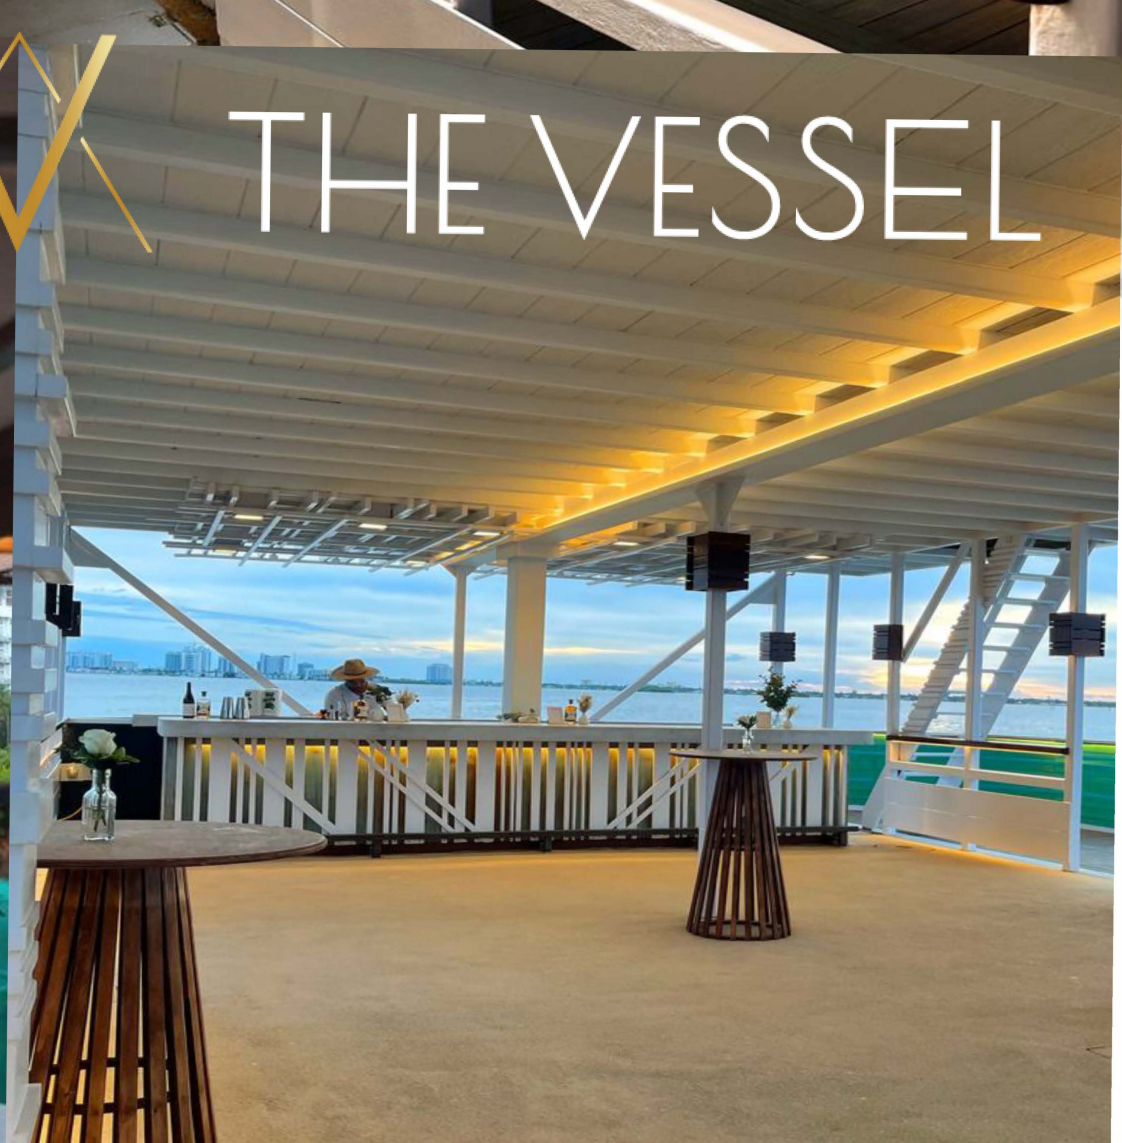

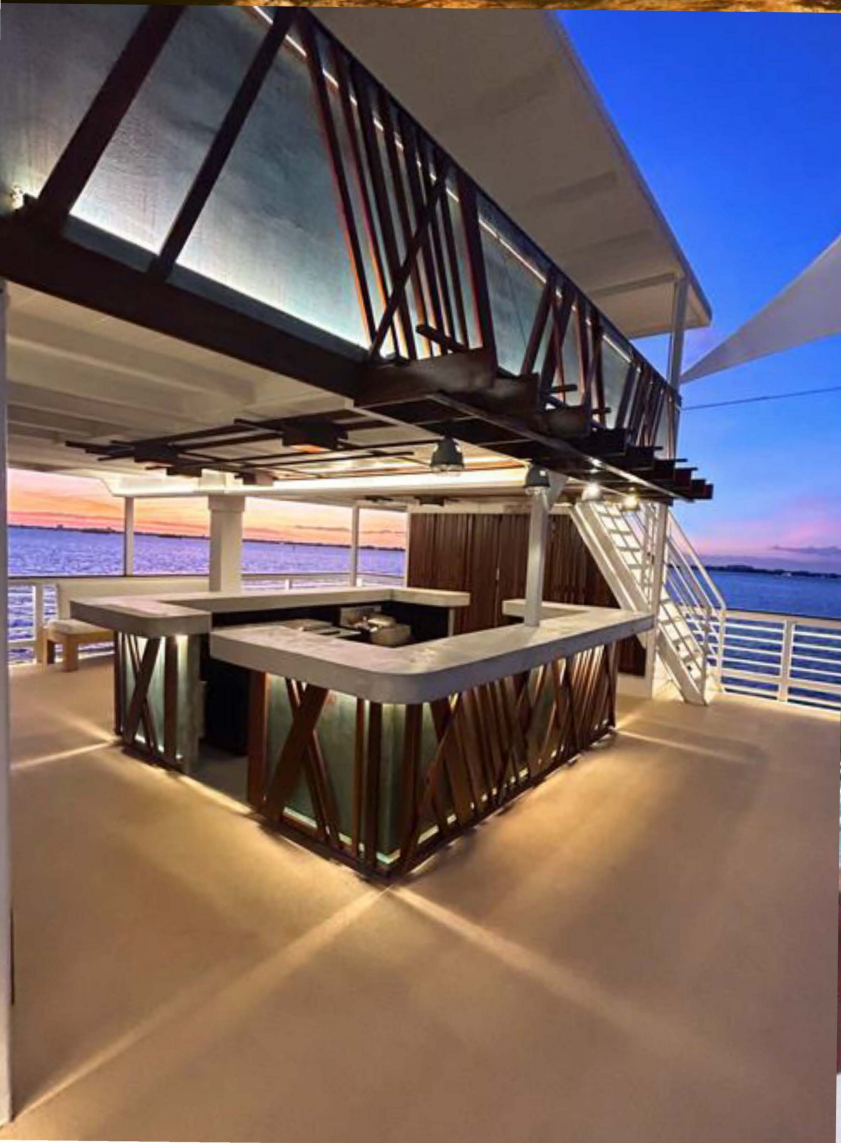

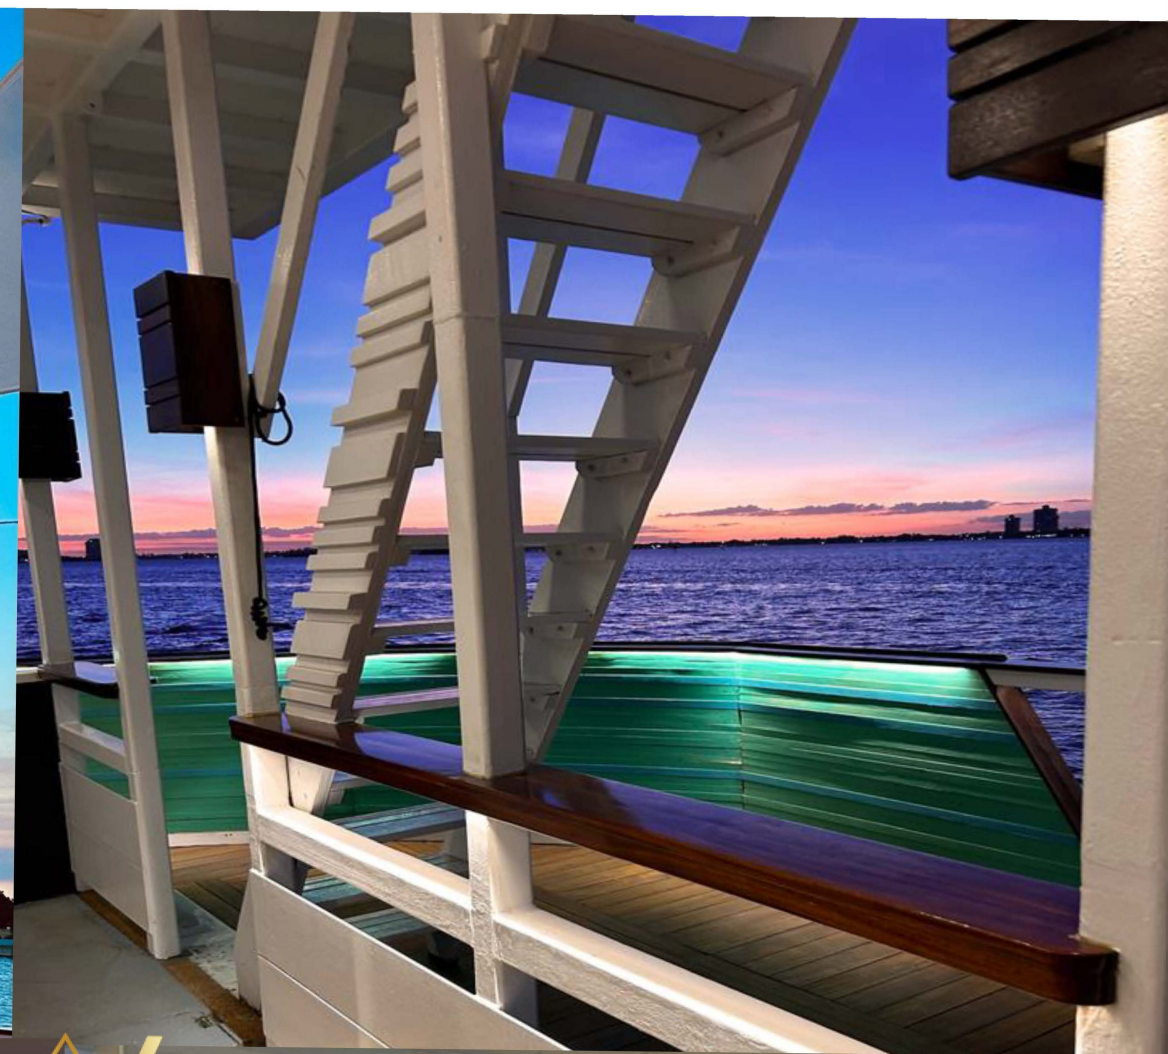

ICONIC FLEET

This iconic vessel marks the inception of an innovative series of floating platforms. It embodies a unique experience, ingeniously combining elements from naval vessels, yachts, barges, ships, and even islands, yet carving out a category all its own.

This extraordinary vessel is meticulously constructed, beginning from the deck down, on a self-propelled inland construction barge.

Every facet of The Vessel's design and construction has been **approved by the Coast Guard** to not only meet but exceed standards for passenger safety, fire safety, structural integrity, stability, environmental responsibility, and operational excellence.
